Reference. Rodney Magowan Press and P.R. Agency.

To whom it may concern.

I am currently Vice Chairman of AgriSearch, was formerly Head of Agribusiness at Northern Bank and have known the above Agency since it was founded in 1992. The Agency is highly respected in Northern Ireland and indeed much further afield.

I have also known the Principal of the Agency for over 40 years through business connections. Rodney Magowan, personally is a man of the utmost and highest integrity, very respectable and honest in all his dealings.
